

2817 - 29th Avenue South

Mt. Baker

This charming home was built in 1928 and has been thoroughly renovated throughout. Great deck off the main level, perfect for BBQs and entertaining.

The main level has freshly refinished bamboo flooring in the living and dining areas, slate in the kitchen and new carpet in the bedroom. The kitchen has a pantry and all of the appliances are included! The main floor has a full bathroom and a large deck off the dining area.

The home gets great southern light on all three levels. The top floor has a second bedroom and an office, that could be a great spot for a master bathroom to be added. The carpeting is new throughout.

The lower level has a second full bathroom, a third bedroom, the laundry area and extra storage. Plus separate entry if you wanted to add a kitchen for a nice quiet suite. Off street parking included.

Wonderfully located just a few doors from the Franklin High School track and field, a short walk to Mt. Baker Park & Cafes, QFC, bus lines, Light Rail and Lake Washington!
